## Welcome Message from TAKD

Dear colleagues and friends,

We would like to invite you to join us for the upcoming 7<sup>th</sup> Asia Pacific AKI CRRT Congress 2026 (AP AKI CRRT 2026) in Taipei.

To improve the care quality and prognosis of acute kidney injury (AKI) in the Asia-Pacific region, the Asia Pacific AKI CRRT Congress has been launched since 2017. It is a great honor for us to host Asia Pacific AKI CRRT Congress, again in Taiwan, and we aim to broadcast up-to-date knowledge of AKI treatment and provide a platform for regional experience exchange.

With its strong expertise in AKI research and clinical practice, Taiwan leads the Asia-Pacific in advancing multi-center collaborations and care models tailored to Asian populations. Hosting 7<sup>th</sup> AP AKI CRRT Congress provides a vital platform to share Taiwan's achievements, shape regional AKI management guidelines, and foster international research partnerships to reduce the burden of AKI.

In addition to plenary lectures, interactive workshops, panel discussions and poster sessions in the field of critical care nephrology, AKI, and CRRT, the 7<sup>th</sup> Asia Pacific AKI CRRT Congress will highlight some special issues regarding the impact from our environment, including:

1. Big Data and AI for AKI Prediction and Management
2. Acute Kidney Disease (AKD): Bridging AKI to Long-term Kidney Health
3. Resilience and Sustainability in Critical Care Nephrology
4. Integrating Biomarkers and Technology for Personalized AKI Management

Many distinguished experts have joined the faculty and will share with us their knowledge and experience. We look forward to seeing you in our beautiful and energetic city - Taipei.

**Ji-Tseng Fang, MD**

Congress Chairman, 7<sup>th</sup> AP AKI CRRT Congress

President, Taiwan Society of Acute Kidney Disease
